Why Arbonne, Why Now

- As an Independent Consultant, you can... Own your own online business with a low start-up cost and minimal risks. Work this business alongside your current career, school schedule or busy lifestyle.
- **Share** products you love and earn commissions when your clients order and reorder. Your clients can order directly from your Arbonne link and have their products delivered straight to their own homes. (We don't stock inventory or deliver products ourselves)
- **Earn rewards** and incentive trips through your sales and the sales of your team. Maximize your time by building a team- We will talk more about this later.
- Most people trade time for money. For most people working an hourly wage job, when you don't work, you don't get paid.

How It Works

As we talk about earnings, please remember to visit Earnings.Arbonne.com. to learn what is typical. In Arbonne, you not only earn commission on your personal sales, but also earn commission for your teams' sales. We will talk more about this later.

Our business model is so simple. We share the products we love with our network and earn commission on everything we sell. All of us are already recommending things we love; we just don't get paid for our recommendations. For example, when you recommend a restaurant you love to a friend and your friend eats there, the owner of the restaurant doesn't send you a commission for your referral. But with Arbonne we earn commission when our friends make a purchase based on our recommendations. It's truly a genius business model.

How to Earn

- Let's talk about how Arbonne Consultants earn money. The time and effort you put into your business will determine your level of success. The good news is you get to choose how much or how little you want to work. It's all up to you! You need to go to earnings.arbonne.com and view the document that explains everything I'm going to talk about now in complete detail.

- We have 3 ways that we earn an income through Arbonne.
 1. **Personal Sales:** You sell something, you earn commission. I love that we get paid commissions every Tuesday. When you sell products to your Clients and build a team to do the same, you earn. You just need to send them your Arbonne website link and then they shop online, pay online and Arbonne ships the products directly to them. It's that simple.
 - **Let me show you how you can earn commissions right away:** For example, If you help 4 people get started with 30 Days to Healthy Living Set as Preferred Clients this week, you will earn around \$200 in commissions next week. Isn't that exciting?
 2. **Building a team:** This is where the fun begins! When someone joins your team as a Business Builder, you teach them to sell to their own Clients. They earn commission and you also earn commissions on their sales. These are called *Overrides* and are paid monthly. The more people you help become successful with their own clients, the more overrides you earn. It's a win-win for everyone!

Let me show you how you can leverage your time to maximize your earnings by building a team:

 - Let's say you sell 4 nutrition sets this week and you also find 2 Business Builders who join your team and also sell 4 nutrition sets each to their own clients. You will not only earn commission on the sets you personally sell; you will also earn overrides on the sets your Business Builders sell. In other words, you will be earning a combination of commission and overrides on all 12 sets. That's maximizing your earnings by time leveraging - personally selling and building a team that you teach to do the same. Can you imagine if you had 10 business builders doing that with you?
 3. **Cash awards.** These can be earned at every level based on sales performance.

Compensation Summary: There are only 4 levels of management in Arbonne, and with each level, as you build your team your earnings potential grows. **Let's go over those levels:**

1. **Level one:** District Manager. We will teach you how to reach this level as soon as you are ready (or, as soon as you tell us you're ready). The average income at this level is about \$300 a month. Some earn more, some earn less. At this level, you can also earn a \$200 cash award every month based on your team's sales.
2. **Level two:** Area Manager. The average income at this level is about \$1500 a month. Some earn more, some earn less. The cash award you can earn at this level is \$400 a month based on your team's sales. At the level of Area Manager you will be able to will your business to your family or whomever you want. The next two levels is where things get exciting!
3. **Level three:** Regional Vice President. The average income at this level is about \$6000 a month. Some earn more, some earn less. The cash award that you can earn at this level is \$600 monthly based on your team's sales. If you have seen a white Mercedes on the road with an Arbonne emblem, it's because at this level, you can qualify to earn the VP Success Award which is cash that goes towards your white Mercedes. The rewards here

are amazing! When you reach this level, you're among the top 2% in the company. This is where you can really start benefiting from true time freedom and flexibility!

- 4. Level four:** National Vice President. This is the final level and here you are in the top 1% of the company! The average income at this level is about \$22,000 a month. Some earn less, some earn more. At this level, you can also earn the \$600 monthly cash award based on your team's sales, and you qualify to earn a higher VP Success award to go towards your white Mercedes. Another exciting reason to become an NVP is, you can qualify to earn a trip to Maui every year for you and a guest to attend our NVP Leadership Retreat. Being at this level can be life changing! Common Hesitations

We've shared some benefits of owning your own Arbonne business. But let me address some fears and hesitations that you may have.

- *"I don't have enough time."* Most people don't start this business because they have lots of time on their hands; they do it because they would like to have more time. You're going to work this business in the nooks and crannies of your day. If you have time to watch Netflix or scroll through social media, you have time to build an Arbonne business.
- *"I don't have enough money."* What's great about this business is that it's only \$49 to get started as an independent consultant. You don't have to go to the bank and take out a loan to start your business.
- *"What will people think?"* I love the quote, "If you live for people's approval, you will die by their criticism." You don't need every person you know to get on board with Arbonne in order for you to be successful. In fact, a few of the people you know will just help you get started, and a majority of your Arbonne team will be people you haven't even met yet.
