My Arbonne story goes back to 1991. Although I had a Psychology degree, I was working as an Executive Secretary and struggling financially. A dear friend introduced me to the Arbonne products, and I loved them so much that I started sharing them with all my friends! I initially joined Arbonne to get my products at a discount, but when I learned that this opportunity could potentially be the answer to our financial worries, I jumped in with both feet. I wanted everything Arbonne had to offer: the discount on my products, becoming debt free, earning free vacations, a flexible schedule, tax deductions, retirement savings, a college fund for our kids, personal growth and the ability to have choices in my life. Most importantly, I wanted to be a difference maker. When I was younger someone gave me an anonymous gift of \$200 to help me pay my bills. The day I received that cash donation I prayed that God would bless me with extra money so I could one day be that "\$200 person." Now, not only have I been able to give back because of Arbonne, I also have been able to teach others to become successful so they, too, can be difference makers in the world. The leaders on my team and I have made it our mission to teach others that we are blessed so we can bless those who will never have the opportunity to change their own lives. Because of that, many Arbonne consultants on my team have built orphanages and schools in 3rd world countries, provided clean water for people who need it, fed the homeless and joined many organizations and causes that benefit the poor and needy. God has blessed me exceedingly beyond all I can ask or imagine, and I am so grateful every day that He brought this opportunity into my life! Whether your goal is to earn a few hundred dollars a month to take the pressure off your family's finances or to earn a CEO income, it's there for the taking. I would love to show you how this business can change your life! If you would like more information about this opportunity, please feel free to contact me! I strongly believe you will never regret embarking on this journey!
